Important Reminders:

Public Health Guidelines require everyone on school property to wear masks. Please remember to wear yours properly when entering the grounds.

'April showers cause wet school yards'

Staff cannot call home for dry clothes when students choose to engage in water-based recess activities. In order to stay warm and dry, students are encouraged to pack extra clothes as well as plastic bags to line their boots and carry wet clothes home.

Please provide adequate advance notice when you plan to pick up a student. Daily dismissal changes are due at the office by 2:00 p.m. Due to Covid protocols, students will remain with their cohorts until you arrive.

The Covid School Screening Tool **must** be completed every morning to determine if students are symptom-free and well enough to attend school. The screener was updated **4 times** in March.

Public Health has implemented tighter restrictions; **one symptom requires testing and household isolation until a negative result is received.** Thank you for keeping our population safe!!
